Partner Presentation

Partner Logo	Partner Description
identytag®	Identytag® is a leading provider of RFID labelling products. With nearly 100 years of experience in manufacturing of labelling products for industry and markets retail and approximately 20 years in RFID technology, identytag® provides a unique combination.

High-quality, coded-, and individualized RFID labelling and intelligent digitalization solutions with maximum quality requirements – this is how identytag® created a name for itself in industry and retail markets. With the acquisition by inotec, identytag® became part of the inotec group by 1st of July 2020. This means that in the future we will be able to offer our customers even better products and more individual service. With identytag® there are no limits to the ideas and application requirements of our customers.

This is due to our affiliation with the inotec group which results in complementary options in a powerful group in addition to the tradition of constructive and fruitful collaboration. The bundled competence within the inotec group makes it possible to offer an extremely wide range of products and services. We are looking forward to receive your demanding requests.

Key Sectors	Solutions
▪ No specific areas of focus	▪ See service portfolio | Example Applications
