Certificate for the use of the European Upper Band**To whom it may concern**

The Kathrein RFID readers listed here can be operated in the so-called European Upper Band with the Frequency Range 915 - 921 MHz.

This certificate is intended to name the readers used and explain the assignment of the respective valid EU Declaration of Conformity (DoC). Details on the European Upper Band can be found here:

The following Kathrein RFID readers support the European Upper Band

Reader	Ordering number	
RRU 1400 ETSI	52010551	Link for DoC
RRU 4500 FCC	52010296	Link for DoC
ARU 3500 FCC	52010300	Link for DoC

Yours faithfully (not personally known)
