

## Product Discontinuation Notice

In order to be able to provide you with the best possible solutions for your projects, it is necessary to replace older product families that have been continuously available for a long time by the next generation products.

### Notification Description (Including Extent, Reason)

The third-generation Kathrein RFID readers are being phased out and replaced by fourth-generation readers with the same functionality, but improved parameters. All fourth-generation readers are available to order now. If you have any questions about comparing the different readers, our sales team will be happy to help.
